

# Coate Way School -French Progression Map

At Coates Way curriculum is designed to allow the children opportunity to learn French as a Second Language. Learning a language is statutory in KS2. We believe that learning another language has many benefits for both the individual and the wider community. It helps to break down social barriers and encourages cross-cultural understanding, as well as helping the individual to boost their problem solving, memory, critical thinking and listening skills. Being able to speak a second language can even help improve understanding of areas such as grammar in their native language.

Coates Way school fosters an interest in language learning by introducing children to other languages in a way that is enjoyable and accessible to all pupils. We encourage children's curiosity about language and creativity in experimenting with it. We support oracy and literacy and develop speaking and listening skills. Children develop their awareness of cultural similarities and differences to lay the foundations for future language study by pupils.
